## PARKER MEN MORE CONFIDENT

### CAMPAIGN MANAGERS SAY HE WILL WIN

**Many Delegates Instructed for  
Favorite Sons Will Come to  
New Yorker After First Ballot  
—Hearst Boomers Arrive.**

St. Louis, July 2.—The Parker men are growing more confident as delegations and representatives of different delegations arrive. Mayor Rose and T. E. Ryan, of Wisconsin, were among the arrivals to day. They are under instructions for E. C. Wall and will express no opinion as to second choice of the delegation. From managers of the Parker cause, however, it was learned the Wisconsin delegation would go to Parker on the second ballot. While some Parker men are enthusiastic enough to claim that he will be nominated on the first ballot, more experienced politicians are of the opinion complimentary votes must first be cast for favorite sons before the necessary two-thirds can be obtained for the New Yorker. It is said Gorman's candidacy can be determined upon his movements. If he comes to St. Louis at the head of the Maryland delegation it will mean he is not going to be a candidate. But if he remains at home every effort will be made to bring about his nomination.

The Hearst boom was given somewhat of an impetus early to day by the arrival of the California delegation, accompanied by some members of the Nevada and Arizona delegations. "We are all for Hearst until the finish," said Chairman Tarpy of the California contingent. "California has no second choice in this or in any other matter."

Senator Newlands of Nevada said the sentiment of the western states generally is against Parker, although the delegates are not opposed to him in any hostile sense.

**FOR SOUND MONEY.**  
"No compromise with the radical silver element, no half way plank in the platform in an attempt to placate the radicals, but a straightforward declaration for sound money."

That is the statement of the Democratic leaders from New York, those who control the majority and therefore the whole delegation under the unit rule, handed within St. Louis to night. Former Senator David B. Hill will represent that state in the committee on resolutions and will present a sound money plank. When it is adopted, as he believes it will be, it will, in the New York leader's estimation, sound the tocsin for the nomination of Judge Parker.

No decision was reached on the question of tariff declaration. Hill believes the plank should be tariff for revenue only, but he fails to get equally ardent representatives of Judge Parker to agree with him. They agree the plank should be as nearly like the Republican plank as it can consistently be, for the smaller manufacturers throughout the country will vote against any plank not containing a promise of protection for them.

Senator Hill believes Parker will be chosen on the second ballot, and probably the first.

### HOKES SMITH'S FOLLOWING.

Hoke Smith of Georgia, secretary of the interior under Cleveland and leader of the Parker movement in Georgia, represents a certain sentiment that is quite prevalent in some sections. He is for Parker and will support him as long as there is a possibility of securing his nomination. This is the attitude of the Georgia delegation, but in case it becomes evident that Parker cannot be nominated, then Georgia has a majority which would vote the delegation for Cleveland.

### PARKER WILL WIN.

All the men who will decide the presidential contest have not yet arrived, but among those who are here there seems to be a conviction that Parker will be nominated early in the balloting. His most radical supporters claim he will be named on the first ballot, while others say favorite sons must be first complimented before the necessary two-thirds will vote for him. Claims are not disputed in authoritative quarters that Parker will have a good majority on the first ballot and from states which will compel speedy recognition in the convention.

### HEARST ENTHUSIASM.

The arrival of delegations from the west which are under instructions to vote for Hearst stirred the atmosphere early in the day and there was some speculation as to what strength Hearst actually had in the convention. The claim of Hearst's managers of more than one-third of the delegates and with power enough to prevent the selection of any candidate not satisfactory to Hearst is not seriously considered by friends of Parker. The Hearst men have decided to have a test of strength before the platform is voted upon and will force a vote by putting forward a candidate for permanent chairman.

### OTHER CANDIDATES.

During the day there has been talk of Cleveland, Gorman, Olney and Harmon. It seems to be understood that Ohio intends to cast a complimentary vote for Harmon and that Parker will then get the delegation with the proviso that Gorman appearing as an active candidate

would materially change conditions. Something was expected to develop about Gorman's position upon that of James M. Guffey, but the Pennsylvania leader did not say anything that indicated that the Maryland senator would be a factor in the presidential race.

Now and then there is mention of former Secretary Olney and connected with it the suggestion that Olney, the only man ultimately connected with the last Democratic administration, who is being put forward by the conservative element, that is not objectionable to many. So far no one has appeared as Olney's representative to confirm or deny a report, but it is said that in case of Olney being prolonged Olney would receive the first accessions from Bryn Mawr, who prefer him to Parker.

### THE PLATFORM.

While the president's situation is the most interesting feature of ante-convention days, the platform is the subject of debate and serious consideration. Many suggestions have been made, but no one can say which will prevail. Some delegates think that platform will engender the greatest contest of the convention.

### AGREE ON WILSON.

The committee on arrangements of the Democratic national convention to day agreed unanimously to recommend the selection of John Sharp Williams of Mississippi for temporary chairman.

### GORMAN STAYAWAY.

Baltimore, July 2.—Senator Gorman did not go with the Maryland delegation, which left for St. Louis day, and members of the delegation in the senator would not attend the convention.

## PERMANENT CHAIRMAN

### Four Possible Candidates for the Post.

St. Louis, July 2.—Four possible candidates for the permanent chairmanship of the Democratic convention mentioned to night. They are Delegates Barkworth of Michigan, Patrick Collins of Massachusetts, David S. Rose of Wisconsin and Champ Clark of Missouri.

The Hearst followers among Clark's name to day and their avowed reason for taking him up was to prevent the selection of a president officer friendly to Parker. They expressed firm opposition to conceding both temporary and permanent chairmanship to the Parker delegation. Some Hearst men are, however, quite content to accept Barkworth, claiming he is friendly to Parker.

There was considerable discussion of Barkworth's availability for the meeting of the committee on arrangements to day and the well informed said his name was not withdrawn from the list for temporary chairman until after assurance of his selection to the office had been received by his friends. His understanding to have had the promise of the support of five of the ten members of the committee and only his withdrawal made certain Williams' selection for temporary position.

Objection is made to pick on the ground that he, like Williams, represents a southern state.

## THE POPULISTS

### Indications Point to Lely Con- test for First Placem Na- tional Ticket

Springfield, July 2.—From members of the national committee and their leading populists who have arrived attendance upon the national convention of the People's party, which assembles Monday noon, there seems to be good prospects of a lively contest for first place on the ticket. The most prominent names mentioned are Thomas A. Watson of Georgia, William Allen of Nebraska, Samuel W. Williams of Indiana and R. H. Pier-son of West Virginia. Among those mentioned in connection with nomination for vice president are L. B. Waller of Iowa, T. P. Rynder of Pennsylvania, George Fred Williams of E. Garry Brown of Massachusetts, J. D. Bredon of Kansas.

## EASY WORK FOR ENGLISH LAD

### WON ST. LOUIS DERBY IN A GALLOP

**Clearly Outclassed Field in the  
Race—Moharib Second,  
Elwood Third—Ort Wells Wins  
Commonwealth Handicap.**

St. Louis, July 2.—English Lad, 7 to 20, owned by Fred Cook, of St. Louis, won the St. Louis derby and purse of \$13,345 in a gallop at the fair grounds to day. Moharib was second, three lengths behind English Lad and fifteen lengths behind Elwood. English Lad clearly outclassed his field. The four horses got away with-out a moment's delay. Moharib and Rain-lund went to the front at once, followed by English Lad. Passing the stand the first time Moharib was a nose in front of Rainlund, English Lad six lengths back, Elwood ten lengths behind the favorite. The positions remained the same up the back stretch, Moharib and Rainlund leading by three lengths, English Lad third under a heavy pull, fifteen lengths ahead of Elwood. At the mile and eighth English Lad passed Rainlund, who had enough, then challenged Moharib and after a brief struggle passed the Schor-cott. At the stretch turn English Lad had the race ath is money. He increased his lead to four lengths an eighth from the wire and won easily by three lengths. Distance, a mile and a quarter; time, 2:23 1/2.

### COMMONWEALTH HANDICAP.

New York, July 2.—Ort Wells, favorite, won the Commonwealth handicap, mile and a quarter, at Sheepshead bay to day. The picket was second, Irish Lad third, time, 2:05 1/2. The start was good and Irish Lad showed in front with Light Brigade second, Ort Wells third. In the main stretch back stretch Irish Lad was still leading, but near the half mile Or-moules Right, River Pirate and Tobagan moved up to the leader, who dropped back, and Tobagan led the field into the stretch. When the straightened out for the run home O'Neill on Ort Wells sent his mount up in a hot drive and won by one length from The Picket, who also closed very strong in the stretch and secured the place by three lengths from Irish Lad.

## THE GOLF TOURNEY

### Willie Anderson's Team Wins Victory From Team Headed by Alexander Smith.

Grand Rapids, Mich., July 2.—As a climax for the Western Golf association to day Champion Willie Anderson led a team of five to victory in a thirty-six-hole match against a team headed by Runner-up Alexander Smith, with a total of six points to one. Two matches were played in the morning play, Stewart Gardner and Lawrence Auchterlonie and W. H. Way and Harry Turpie coming in all ways after up and tuck play. But Champion Willie Anderson romped away from Smith by a margin of five holes; Gilbert Nichols was two up on Robert Simpson and Bernard Nichols with a medal score of 78 went fast enough to beat F. McLeod five up. With the score 3 to 6 Smith urged his team to better efforts and this afternoon reversed the figures for his match in the morning and defeated Anderson 5 up and 4, and setting the course competition record at 72 with an approximate five at the fourth hole, where Smith lost a ball. McLeod played brilliantly against Bernard Nichols, cut down an early lead possessed by the latter and squared the match. Way continued his good play and defeated Turpie 4 up, Stewart Gardner won from Auchterlonie 3 and 2 and Gilbert Nichols easily defeated Simpson 5 and 4. This left Smith the honor of making the sole point gained by his side. The purse of \$200 was shared in the winning five.

## REST AND RECREATION

### President Roosevelt Goes to Oys- ter Bay to Remain Until July 27.

Washington, July 2.—President Roosevelt left at 10 o'clock this morning over the Pennsylvania road for Oyster Bay. The president's arrival at Sagamore hill will complete the family circle at the Roosevelt residence. He will remain there so long as much rest and recreation as possible until after he has been notified of his nomination July 27. He then will return to Washington for a brief period. It is Roosevelt's intention to make the Oyster Bay sojourn as free from official and political cares as possible.

### WELCOMED TO OYSTER BAY.

Oyster Bay, N. Y., July 2.—President Roosevelt's homeward journey was the occasion of a cordial demonstration, in which the citizens of Oyster Bay, irrespective of political affiliations, welcomed the president to his home. It was a genuine fest day in Oyster Bay. Business was practically suspended, residences and business houses handsomely decorated with flags and bunting and cordially worked banners spanned the streets. The Oyster Bay reception to Roosevelt really began on his arrival at Long Island city. There he was met by a reception committee and conducted to a hotel and at 1:25 started for his home town. No stops were made, but the crowds along the route showed their good will by waving flags, hats and handkerchiefs as the train swept by. Through a space which had been roped off the president, bowing right and left to scores in the crowd whom he recognized, was escorted to his carriage. At his carriage the president met Mrs. Roosevelt and his children, who had driven from Sagamore hill to join him welcome home. With his family the president drove immediately to his Sagamore hill home. The entire route, three miles, was decorated with flags and banners. School children were aligned along Main street, each waving a tiny morican flag. Three little girls ran into the street as the president's carriage appeared and handed him great bunches of roses. He stopped his carriage long enough to cordially thank the little ones.

## MISSING MAN RETURNS

### Cashier of Saratoga Bank Wan- ders in Woods While Men- tally Deranged.

Saratoga, N. Y., July 2.—William Hay Rockes, former cashier of the First National bank, who has been missing several days, returned to day. While mentally deranged by worry and overwork he wandered in the woods near Saratoga lake and finally sought refuge in a barn, where he was discovered in an exhausted and dazed condition.

The First National bank was closed last Monday by a bank examiner under orders from the comptroller. Rockes was reported missing at that time. At the time of the bank's suspension the directors issued a statement to the effect that it was at their solicitation and for the purpose of ascertaining the exact condition of the institution that the bank examiner took charge of affairs.

Chefoo, July 2.—It has been learned a big battle was fought on land near Port Arthur July 26 and 27. The Japanese were successful and on the morning of the 28th they occupied certain heights within ten miles of Port Arthur. The Japanese losses have not been learned. Russians are said to have suffered very heavily.

## PORT ARTHUR AND ISU ISLAND

### ATTRACTING ATTENTION OF RUSSIANS

**Land Operations in Manchuria  
Ended for Six Weeks Owing to  
Rainy Season—War Reports  
From Various Points.**

St. Petersburg, July 2.—The outcome of the naval engagements off Port Arthur and Tsu Island is monopolizing public interest. Land operations in Manchuria are believed to have been practically ad-journed for six weeks until the rains shall be over.

Telegrams from Liao Yang agree that the Japanese are withdrawing from their positions, the capture of which entailed the expenditure of so much blood and ammunition. The same telegrams show that the Russians are promptly taking advantage of the withdrawal of the Japanese and assuming the offensive, inflicting considerable losses upon the Japanese.

The close of active operations in such circumstances has greatly restored confidence. The Liao Yang correspondent of the House Gazette declares the entire credit of the Japanese retreat belongs to Kurapatkin, who at last has rewarded the patience of the Russian people. Unless quite an unforeseen change in the situation occurs the remainder of the campaign, it is believed here, will be distinctly favorable to the Russians, owing to the failure of the Japanese to establish a base at Indow, where they could have enjoyed unrivaled facilities for harassing Kurapatkin.

### A BETTER FEELING.

Liao Yang, July 2.—The recent successes of the Russians at Dalin and in Major General Mitshenko's engagement with the Japanese have engendered a much better feeling here. It is reported that in the fighting of June 26-27 the Japanese lost 8,000 men and their losses in operations against Mitshenko were 15,000.

A striking feature of the last engagement at Dalin as well as in the fight with Mitshenko's force was that the Japanese tried a bayonet charge, to which they had not previously been partial. Their lines went to the charge with loud cries of "Aiyar, aiyar," but almost to a man were mowed down by the Russian rifle fire.

One of the Japanese prisoners captured by Mitshenko states that the provisions of the Japanese are running out and the troops badly fed. For two days prior to his capture, the prisoner said, the Japanese had eaten nothing, and this statement is confirmed by Chinese. The Japanese commissary is entirely supplied from Japan and consequently is dependent upon sea communication, and the effect of the loss of many boats in the recent storm is beginning to be severely felt.

Liao Yang, July 2.—Japanese are advancing over an extended front. Russian troops are in splendid spirits. Kurapatkin is in personal charge. Russians are holding Dalin pass. Fifteen trains are arriving here daily. Mitshenko's cavalry is fighting constantly. Russians assert photographs taken prove Japanese are killing wounded. Lieutenant Chita it is said who was wounded near Shuyen June 25 and left on the field, was wounded three by Japanese.

Wednesday a Japanese division advanced by a detour about thirty miles east of Liao Yang. Keller had no artillery posted, but had stationed three battalions of infantry along the crest commanding the pass. An obstinate fight followed and lasted the whole night. The Russians lost thirty men. Japanese casualties were larger. On Thursday morning Keller returned, successfully withdrawing his men from the narrow defile. On Friday the Japanese retired from Hohen. Keller in the meantime had been reinforced by artillery and harassed the Japanese rear. It is believed the Japanese lost the opportunity of attacking Liao Yang or cutting Russian lines of communications. Rains render it imperative to suspend operations.

### LAND BATTLE FOUGHT.

Chefoo, July 2.—It has been learned a big battle was fought on land near Port Arthur July 26 and 27. The Japanese were successful and on the morning of the 28th they occupied certain heights within ten miles of Port Arthur. The Japanese losses have not been learned. Russians are said to have suffered very heavily.

### FOR TUBERCULOSIS.

Denver, July 2.—The Agnes Phelps memorial sanatorium, dedicated to the treatment of pulmonary tuberculosis was opened to day with fitting exercises.

## OPPONENTS OF JUDGE PARKER

### EFFORT MADE TO UNITE THEIR FORCES

**Senator Stone of Missouri Head  
of the Movement—Believes  
Senator Cockrell Can Defeat  
Parker.**

St. Louis, July 2.—A movement looking to united action on the part of the anti-Parker forces was inaugurated to day and Senator Stone, chairman of the Missouri delegation, stood sponsor for it. He appears as the champion of his colleague, Senator Cockrell, and was in conference several times during the day with the leaders of the Bryan element and representatives of possible candidates. No details of these meetings were obtainable and Stone refused to discuss them. He talked freely, however, of the necessity for united action. He admits that Parker will have a majority of the delegates and is likely to secure the two-thirds necessary to nominate as soon as his strength is made manifest, unless the opposition unites. Stone believes Senator Cockrell can win out.

### "A Picnic"

in the real sense and in the slang sense will be an occasion of delight to you if you have laid in a generous lot of biscuit, crackers, tinned meats or fish (ham, tongue, salmon, sardines) ever to be had in this supply store for our friends on an outing bent. Understand, these goods are all right the whole year around; note too, that our prices are not raised for holiday merrymaking.

**M. L. Hildreth Thinks Extension of Street a Necessity as a Means of Reaching Nichols Park.**

Editor Journal: Now that we all have a park of which we can justly be so proud, it is time to discuss the question of the best way to get to it. I presume the carryalls, in connection with the street cars, are the best thing that can be expected this year, but the great amount of attendance at the park seems to indicate that there would be sufficient patronage to justify an extension of the street railway system to the Alton right of way another year. But this is not all that is needed by any means. People in the east part of the city have no way of getting to the park when they wish to use their own conveyances, except by going on three sides of a square, which is too inconvenient. To that end it seems to me high time that steps were being taken to open or extend Hardin avenue to the Vandallia road, and if it were done I am certain a considerable amount of building property along the street would be sold. It would supply a long felt want for the east part of the city and be every way reasonable. The owner of the property contiguous would be greatly benefited while the gain to the city would also be large. The beginning of a park system indicates a new era in our city and the place can now go forward and should do so, and the opening and extension of the street as suggested would be a great step in the right direction. Both the city and the county should take an active part in this very worthy movement and by judiciously working together much may be accomplished. If one man is willing to give the city ten thousand dollars from disinterested motives, the rest of the people ought to see to getting to the park. Respectfully,

M. L. Hildreth.

### CURED OF CHRONIC DIARRHOEA AFTER TEN YEARS OF SUFFERING.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all leading druggists.

### WORE PAJAMAS

**Runaway Couple Could Not Wait for Minister to Dress—Enraged Parents Arrive too Late.**

New York, July 2.—Dressed in pajamas and with a pair of enraged parents hounding to his house in a hackboard, the Rev. William E. Newson performed a hasty marriage ceremony at Calton, N. J., yesterday morning. It was after midnight when the minister was awakened by heavy thumping on his front door, hastily arising, he hurried down and had no more than opened the door when a young couple burst in and begged him to marry them at once, because, as the young woman explained, "Mamma and papa are coming in a hackboard and they will be here in a minute."

Mr. Newson suggested that they give him time to exchange his pajamas for street clothes, but the young couple clung to his arms and begged him not to go until the knot had been tied. "Never mind the pajamas," they cried, "get busy."

Just as the last word of the ritual had been said the hackboard stopped in front of the house and theirate parents bounded up the stoop.

"I am sorry you didn't get here in time," said the minister. "You are just too late for the ceremony, but at least you can give them your parental blessing."

"Blessing be damned!" said the fond father.

"Joshua," said the mother, "that is not a blessing."

After thinking the matter over the father kissed his daughter and then forgave her running away. The young couple were Anthony Landon, of New Gennartown, and Miss Ida Felmy Bissell. They all rode away in the hackboard.

### READ THIS:

Jacksonville, Ill., Aug. 24, 1901.—For twelve years I have suffered from sweet diabetes and have spent hundreds of dollars with various doctors, with little benefit. I was recommended to try a bottle of Tea Wonder, Hall's Great Discovery, and with cheerful testimony to the public that it did me more good than all things else put together and am altogether another man. I have persuaded many of my friends to try it.

### A SEVERE TEST

The use of extremely hot drinks and of food water on our tables is productive of disastrous results to the teeth. The use of the icy fluid and the hot so closely following it makes a severe test, and the dentist must be consulted in time, to save painful work. Don't delay. Examination free.

## GROVER'S HEALTH FOOD.

Having become exasperated by the persistent efforts of the press to connect his name with the Democratic presidential nomination, Grover Cleveland has moved from Princeton to the seclusion of the New Hampshire woods, says the Chicago Tribune, which further comments: In order that over-zealous friends may not take advantage of him while he is hid in the forest, he is having a private telegraph line strung from his summer home to the nearest connecting point, some fifteen miles away. By means of this wire he can ward off any ill considered action which the St. Louis convention might take toward thrusting the nomination upon his unwilling shoulders. It is not pleasant for a man to be nominated for president while his back is turned. Mr. Cleveland is on the watch for any such practical joke.

There is already a strong movement in favor of nominating Mr. Cleveland. He has taken the most effective method of suppressing it. He has published about ten magazine articles clearing up some disputed points on his last administration. He also has repeated time and again that his health was never better, and that people tell him he looks younger at 67 than he did twelve years ago.

After the convention is well under way Mr. Cleveland will want to deny that he is a candidate and will send the following message to his friends: "Health bully. Emphasize need of healthy man. Distribute my defense of the bond issue among delegates."

The next one will read: "Walked ten miles before breakfast. Am positively out of the race. Show delegates my article on Chicago strike of '04. Am realizing more than ever the need of health in a campaign. Personally never felt better."

By this time the convention may have become so interested in Mr. Cleveland's health that it will want to get a definite statement as to how he feels about the nomination. His answer will read: "Am feeling fine. Fired man has day off and I am plowing. See article entitled 'Latest Tidings of Grover Cleveland' in Harper's Weekly. A healthy man can stand most any kind of a shock. I am more healthy now than I was in 1884 or 1892. Give delegates Cleveland's Platform in Outlook for February. Health up to any strain."

It would be difficult for the convention to withstand such vigorous and healthy opposition to a nomination.

## BOOK ON REPUBLICAN DEAD-LOCK.

The Republican state convention deadlock is to be commemorated in a book by J. McCan Davis, of Springfield, soon to be published. The book will be a volume of several hundred pages and will contain the story of the campaign for the governorship and a complete account of the convention itself. It will be written without factional bias, various candidates and party leaders who were conspicuous in the contest having been freely consulted in its preparation. The book will have more than one hundred illustrations.

## RECEPTION TO CONVERTS

Held at Alexander M. E. Church Was a Pronounced Success Church Grounds Prettily Decorated and Lighted.

The reception given Friday night by the good people of the Alexander M. E. church to the new converts and members was a fine success. The church grounds were brilliantly illuminated and presented an attractive appearance, while within the decorations were fine and attractive. There was a short program of music and recitations and then came the social part of the affair, and it was truly delightful and showed what willing hands may do when united in the work with their whole hearts. It was truly a gospel affair, without money and without price, and all invited. The worthy young pastor, Rev. Arthur Ewert, thought lemonade and cake would be sufficient, but not so the young people, and so they appointed a soliciting committee and the result was fifteen gallons of excellent ice cream supported by such splendid cakes as the good ladies of that vicinity know so well how to make. Of course the church was crowded to suffocation and all had plenty to hear and see and eat afterward, and none were slow in availing themselves of the privilege. The whole affair was a pronounced success and the young converts felt highly honored by the event which went to show the common sense of the young pastor and his good people, and now it is proper to suggest that the persons who flocked to the church to get the free ice cream will do the honorable thing by attending church and Sunday school.

## COMPANY INSPECTION.

Lieut. Col. J. C. Cabanis, of the Fifth regiment, inspected Company I Saturday night in Armory hall. Only twenty-nine men and two officers were present. Colonel Cabanis put the men through all the maneuvers, inspected the uniforms, arms and armory in general.

In conclusion he stated that although the attendance was unavoidably small the company presented a very satisfactory appearance, both in equipment and drill.

The inspiration of their presence and words of cheer and counsel were very beneficial. The thank offering of this auxiliary was reported as \$82.15. At the close of an interesting session refreshments were served by the hostess and all enjoyed a social hour.

## MATRIMONIAL

STEVENSON-SCOTT.

Champaign Daily Gazette: Very few of those invited were not present at the marriage on Wednesday evening of Miss Rosalita C. Scott and Mr. William H. Stevenson, at the family residence of the bride on West Church street.

It was a 9 o'clock ceremony and by 8:45 the parlors were filled with the friends assembled. They had been received by Mr. and Mrs. R. F. Musson and by them presented to the members of the family of Mr. Stevenson, who came over from Jacksonville to be present at the wedding.

The gentlemen of the party were Mr. H. C. Stevenson, father of the groom, and the latter's two brothers, Edward R. and Howard; the ladies being Mrs. Edward R. Stevenson, the Misses Claire and Anna Stevenson, sisters, and Miss Staley, aunt of the groom.

The handsome parlors and dining room, all opening together, were simply and tastefully embellished with a profusion of sweet peas, smilax and growing ferns. An arch way, formed of slender ropes of smilax, had a background of ropes of smilax studded with clusters of sweet peas, and under this archway the ceremony took place. Mrs. C. C. Staley presided at the piano, and to her playing came first the officiating clergyman, Rev. Edward W. Clippinger, who had interrupted his summer outing to return for this occasion, and next the bride and groom together, there being no attendants. The bride was gown in heavy white silk chiffon and lace for garniture, and carried bride's roses.

The ceremony was a beautiful ring service, simple and dignified, but no less impressive, the musical accompaniment continuing to the end. Then followed the usual happy congratulations and also the usual delicious supper, the whole company, upwards of ninety, being seated and served at once. Mr. and Mrs. Stevenson left on the late train with the usual accompaniment of merry young people who indulged in the indispensable rice-throwing and other expressions of good wishes.

Mr. and Mrs. Stevenson will visit the world's fair and then spend a few weeks in Jacksonville, before going to their permanent home in Ames, Iowa.

Besides the friends already mentioned, those from out of the city were Messrs. Charles Rowe, of Jacksonville; Leigh Maxey, of New Berlin; Earl Kincaid, of Athens; De Loss Funk, of Shirley, and Will Young, of Athens.

## CHICAGO TO THE HOLY LAND.

It is doubtful if any other railroad does as extensive advertising as the New York Central, and it is certain that no other railroad covers so wide a field in its advertising. A recent illustration lies in the fact that Mr. Daniels is now advertising all over the country that from Chicago to Jerusalem, via New York Central and connections, there are only two changes, one at New York and the other at Joppa, the completion of the railroad from Joppa to Jerusalem making this possible.

Passengers who left Chicago on the "Twentieth Century Limited" on Tuesday, Feb. 3, at 12:30 noon, arrived in New York in time to join Cook's party leaving for the Holy Land by the steamer Moltke, the next day. They will land at Joppa, taking the railroad to Jerusalem, and on the entire route will need to make no changes, except from Grand Central station to the steamer at New York, and from the steamer on its arrival at Joppa, to the station of the Joppa & Jerusalem railroad, which stands on the bluff overlooking the Mediterranean.—From the New York Mail and Express.

**PATENT MEDICINES.**

A man that compounds or invents something that is just a little better than the next best thing, is certainly entitled to the best share of the profits to be derived from the sale of the article. So he patents or copyrights to protect his interests. Patented goods are good goods, poor goods are never patented. We have 20 years of trial behind us to give us the assurance that we have the best medicine compounded for the cure of dyspepsia, sick-headache, biliousness, indigestion and all stomach disorders. We protect the public as well as ourselves by keeping the formula a secret, as long as we make it we know it is made right and it cures these diseases. Druggists tell us that it is the one medicine that the sale is ever on the increase. To get the best remedy for dyspepsia or indigestion ask the druggists for Dr. Gunn's Improved Liver Pills, price 25c per box, only one for a dose. For sale by Lee P. Alcott.

**A FANTALIZING PUBLICATION.**

The Four-Track News is tantalizing to stay-at-homes. It places too much of the education and excitement of travel before them that they wish to put on their hats or bonnets at once and hike to the railway ticket office. That is just what George H. Daniels publishes it for. The magazine is admirably illustrated. It is composed of bright papers all full of news and most of them lavishly illustrated. The novel things that appeal to travelers are presented: the United States are levied on in this way, and Europe, too, is not neglected. There is always a bit of poetry, too, of the kind that has human interest in it; a survey of the activities of the day in all directions is given with a bit about books and the stage. The magazine is unusually rich along all these lines.—From the Cleveland Leader.

**AGAIN THE J. & ST. L.**

**Supt. L. W. Berry Says He Wants to Do the Best Possible for Our City.**

Division Superintendent L. W. Berry and Trainmaster W. A. Card, both of the C., B. & Q. system, were in the city Saturday to discuss the situation with their worthy representative, G. W. Dye, and some of the people of the place. Mr. Berry said substantially to a Journal reporter:

"The animus of the road toward Jacksonville is wholly friendly and we want to increase that feeling of the community toward the company; we want to attract friends and not repel the public. It was reported that we would issue a new time card for our passenger trains to-morrow, but that is a mistake, though it will have to be done probably before long and I am here to discuss with representative men the best plans for the welfare of the city. The Wabash people changed their timetable from Decatur to St. Louis and it threw out our St. Louis connections from the city and now the question arises: How are we to make our card to suit the greater number of interests? If we have a morning train to St. Louis it would have to leave Jacksonville at five, which is inconveniently early; we might reverse the trains and have the morning train leave at 6:30 and connect at Concord with our St. Louis train and enable passengers to arrive in the city at 11 a. m., but that train would destroy traffic to Jacksonville which brings trade, for few would want to get into the city at 10 early an hour and they would have to stay too long, so that seems to be out of the question. We could have our morning train south leave at 7:30 or thereabouts and do the local business without St. Louis connections, while at present we can give St. Louis traffic good connections on afternoon trains going and coming. The matter of the new time card is still under consideration and will have due attention and meantime I shall be glad to have any suggestions which will be for the good of the city."

Certainly no one can find fault with such statements and until Mr. Berry shows a disposition to do differently it is proper to give him the benefits of his promises. He is a very pleasant gentleman to meet and seems to evince a disposition to treat Jacksonville fairly. The road has no through St. Louis line of its own, but the Alton service is so excellent that the city is not likely to suffer for the opportunities to get to the world's fair, as three trains a day on that line supply all that can reasonably be asked. Speaking of the change in the ownership of the road a veteran railroader recently said to the writer:

"The absorption of the J. & St. L. by the 'Q.' is not a matter wholly to be deplored. The fact is, the J. & St. L. road was doing no more than pay expenses and nothing in the way of betterment and hardly anything in the line of repairs, the property being steadily depreciating with no prospect of recuperation under the then existing management, for the simple reason that the business along the line sufficient to maintain the road properly didn't exist, so that it was only a question of time when the line would have been absorbed by some corporation which might not have been as good for the city as the 'Q.' It is a good thing to have another direct line to Chicago and to be on a great system like that of the 'Q.' and while the loss of the main offices is to be deplored and the removal of any citizen from Jacksonville to be regretted, I feel that under the circumstances the best fortune has fallen to our city. I know of one corporation that wanted the J. & St. L. line and am informed the management meant to buy it, but put it off until too late. Had that deal been consummated the result for Jacksonville would have been far worse than the present."

The Journal sincerely hopes that the final outcome will be for the best interests of our beautiful city, and certainly Mr. Berry talked in a reasonable manner and is deserving of a fair hearing and a trial regarding the assurances he has given. The reputation of the "Q." for fair dealing is good and it will undoubtedly be maintained in this instance.

**AS TO MANCHURIA.**  
The eyes of all the world are on Man-  
churia. It is a country of which we know  
practically nothing and war time is the  
right time to study unfamiliar territory.  
In casting about for a correct map and  
other information of a specific character  
I took the advice of the commercial agent  
of the United States at Vladivostok and  
bought, for the sum of 7 cents, folder No.  
28 of the New York Central's "Four-  
Track Series," issued by our old friend,  
George H. Daniels. As a rule, not much  
reliance can be placed on railroad maps,  
but Agent Richard T. Greener writes:  
"Daniels' map of Manchuria is the best  
in print." It certainly is cheap enough  
for the poorest of us. It should be stuck  
up in every public school and Manchuria  
should be the geographical objective for  
some months.—Feb. 14, '01. Victor Smith,

Press.

#### INDICATIONS.

Washington, July 3.—For Illinois: Fair and warmer Sunday. Monday, showers and cooler; fresh south winds.

#### THE FIRST VICTIM

Seven Year Old George Darr Seriously Burned by Explosion of "Flower Pot"—Face Blackened by Powder.

George Darr, the 7-year-old son of J. M. Darr, residing at 736 West Railroad street, is perhaps the first victim of fireworks recorded this year. Playing carelessly with explosives resulted in filling his face with powder and inflicting painful burns.

The child obtained possession of a piece of fireworks Friday of the variety known as "flower pots." He wanted to see it burn, and applying a match, stood over it until the contrivance exploded in his face. His features were blackened almost beyond recognition, and until a doctor was called to pick out the powder, the boy suffered great pain. His hair was singed, his eyebrows burned and his face otherwise disfigured. He is not in a serious condition, and is getting along as well as could be expected.

In this connection it may be well to sound a note of warning to parents. There are sure to be some accidents on the Fourth, but the number should be kept as small as possible by the exercise of every precaution in the use of explosives. They are dangerous when in older hands, but when used by children often prove deadly.

#### TAX QUESTION

##### HAS ARISEN

Regarding Property Selected as the Site for Government Post Office—Proceedings in the County Court.

Proceedings were instituted in the county court Saturday by United States District Attorney Thomas Worthington to vacate the objections filed by Alexander Platt and the United States, against the application for taxes accruing on the property now known as the postoffice site.

It seems that the taxes on the following described property: 18 feet off of the west side of lot 91 and 103 feet north end and part northeast and east of lot 92, assessed in the name of Alexander Platt, and 48x72 feet, southwest corner of lot 92, assessed in the name of Margaret Smith in the original town plat, for the year 1903, was assessed as usual against the property, and when the same were not paid Sheriff Rodgers applied, after taking the usual steps, in the county court for a judgment against the property.

On behalf of himself and the United States Mr. Platt filed an objection to the granting of the judgment through his attorney, J. A. Bellatti. The petition of the objector sets out among other facts that the above described property was in the possession of the United States prior to and has been since April 1, 1903, and that it is therefore non-assessable.

The motion of United States Attorney Worthington sets out that the above described property was not at the time, never has been, and is not now, the property of the United States, and as the representative of the United States asks that the objection filed on behalf of the United States by Mr. Platt be vacated. The motion has been set down for hearing for July 11.

#### COOLER LAST YEAR

Official Weather Records Show Month of June 1904 Warmer Than Same Month in 1903.

Although the month of June just closed was 2.5 degrees behind on daily temperature as compared with the mean for twenty years past, it is not the coolest June on record. It was not as cool as last June, nor yet as cool as June, 1902, which simply goes to show how easy it is for people to forget about the weather. The mean temperature for the month was 70 degrees, as compared with a mean of 67 degrees for June, 1903; 69 degrees for June, 1902, and 72 degrees for the past twenty-five years. The month, however, has been remarkably free from hot days, the highest temperature recorded being 86 degrees on the 13th, and the lowest 53 degrees, on the 1st. The total rainfall of the month was 2.34 inches, showing a deficiency of 2.07, as compared with the average for twenty-five years past of 4.41 inches. There were nine clear days during the month. Twelve days were partly cloudy and nine cloudy.

All parties indebted to the Illinois millinery house please call and settle at their earliest convenience.

#### NEW FIRE ENGINE

Reached Here Saturday—Is Known as "Metropolitan No. 2" and Is Up to date Fire Fighter.

The new fire engine ordered by the city council about three months ago arrived Saturday morning, about three weeks ahead of time, as the agreement was that it was to be delivered in 120 days. It arrived over the C. & A. from Seneca Falls, and was at once taken to the department.

The engine is an up-to-date fire-fighter of the most approved pattern, being of the same type as those used in Cincinnati, Chicago and many other large cities. It is known as the "Metropolitan No. 2" and was built by the American Fire Engine company, of Cincinnati and Seneca Falls. It is a piston engine and will throw 700 gallons of water per minute, against 500 per minute of the rotary engines.

The boiler is of the quick steam Fox pattern. It will raise steam from ice cold water in three minutes, and will throw a fire stream in five minutes. It is far superior to our old engines and will supply three or four good fire streams.

In point of appearance the new machine surpasses the old. The boiler is black and not covered with the nickel plated casing. It weighs about 7,800 pounds and its price is put at \$5,225, but was purchased by the city at a discount of 10 per cent.

The oldest of the engines will probably be sent to a factory to be made over and put in first class condition. It may be deemed advisable before long to establish a branch fire station, and if such is the case the old machines will come into good use.

#### SURPRISE PARTY.

Miss Fayette Baldwin was pleasantly surprised Friday evening at her home two miles north of the city by a number of her Jacksonville friends. The affair was planned by Miss Rosa Schumm and Mrs. Baldwin and was a success in every particular.

The merry party gathered at the home of Miss Schumm on North Main street, and at 7:30 left on two hay wagons for the Baldwin home. Arrived there they were heartily received and royally entertained, and at a late hour refreshments were served.

Mrs. Baldwin was assisted in receiving by Mesdames Edward Casey, Elliott Craft, Gillenberg and Rexroat.

The lawn about the residence was strung with Japanese lanterns and presented a beautiful appearance. Two group pictures of the guests were taken.

The young people who composed the party were as follows: Misses Jennie Scott, Stella Hickman, May Hickman, Lela Brown, Jennie Coulter, Pearl Emboden, Irene McAvoy, Flissia Brough, Frances Buckingham, Pearl McDonald, Clara Bell Ross, Anna Brough, Louise Buckingham, Maggie Coffman, Della Hickman, Kate Farrington, Rose Schumm, Fayette Baldwin, Jennie Jacoby and Cora Coffman; Messrs. Talmage Johnson, Lafayette Hyton, Pete Robarge, Alfred Jackson, Louis Hoffman, Elton Hogan, Hubert Little, Roy Baldwin, John McDonald, John Scott, Jimmie Crow, William Schumm, Will Baldwin, Elmer Barter, Lee Smith, Logan Sargent, Eustace Williams, George Brown.

#### JUSTICE COURTS.

Harry Adams was taken before Squire Reid Saturday morning and placed under bonds of \$400 to appear before the next term of the circuit court. In default of bond he was lodged in the county jail.

Constable Ferguson went to Woodson Saturday and served warrants sworn out by John Green on Leo Pierson and Steve Shelton, charging assault and battery. The charges were the result of some little trouble at a church festival in Woodson. The men went before Squire Reid and pleaded guilty. They were fined \$3 and costs, which was promptly paid.

Mrs. Adeline Wooster Pyatt has received word that she is one of the beneficiaries of the will of a relative of her father, D. A. Wooster, who died recently in Albany, N. Y., leaving a considerable estate.

#### SOCIAL LABOR PARTY

National Convention in Session at New York.

New York, July 2.—The national convention of the Socialist Labor party began here to day and is expected to continue until Thursday. There were forty-four delegates present. National Secretary Henry Kuhne of Illinois called the convention to order and William Cox was elected chairman. The usual committees were appointed. Secretary Kuhne read a report showing the work done by the party since its inception and the growth of the movement in this country. The report referred in scathing terms to the present conditions in the Cripple Creek district of Colorado.

The convention will only nominate a presidential and a vice presidential candidate. The candidates for the first honor are Charles H. Corrigan of New York, William Hillsbarrow of Missouri and Michael T. Berry of Massachusetts.
